

**FENSTERBAU
FRONTALE**

The new date for the trade fair

16 - 19 June 2020

We open the door a little bit ... and give you access to our digital exhibition stand

The new date for trade fair FENSTERBAU FRONTALE 2020 has been set - and the joyful anticipation could take longer. We would like to give you a small foretaste of the update our hinges have received. Thanks to the developments in concealed hinges and in adjustable receivers for barrel hinges, especially exterior doors close absolutely leakproof. The development work for exterior door hinges has also had positive effects on the hinges for interior doors ...

BaSys - Fittings with ideas

BaSys stands for Bartels Systembeschläge. The family-owned company run by Albert and Jürgen Bartels has been developing, producing and selling an all-embracing range of building hardware since 1995. With its hinge and striking-plate systems, BaSys regards itself as a problem solver for door and frame manufacturers throughout Europe as well as for national and international customers from retail and the trades. In 2001, the company was the first German manufacturer to present a concealed and three-dimensionally adjustable hinge with the PIVOTA® product range, initiating a new design trend in the door industry. At company headquarters in Kalletal, East Westphalia, BaSys employs around 100 members of staff. In 2018 BaSys won the TOP 100 Award as one of the most innovative German mid-marked companies
